

## Museum Replicas Launches New Marvel Prop Collectibles

*New X-Men and Iron Man movie collectibles launch this holiday*

Conyers, GA (PRWeb) October 22, 2009 -- Fans and collectors will find two new hot collectibles from Museum Replicas and their licensing division, Windlass Studios. The Marvel prop licensee will be releasing two new products to their high-end, [Marvel prop collection](#) for Holiday 2009.

The new products will debut last Q 2009 and continue the remarkable popularity of high-end collectibles for discerning Marvel enthusiasts. The two new items - the iconic motorcycle jacket worn by Wolverine from the original X-Men movie trilogy and Tony Stark's personal Arc Reactor from the blockbuster Iron Man, have been eagerly awaited by fans. The replicas of such unforgettable characters join the collection that already consists of: Magneto, Thor, Captain America, Iron Man retro, Dr. Doom, Nick Fury, Cyclops and more.

[Wolverine's jacket](#) is of genuine top grade leather, with leather accents and the proper distressing from his various adventures. As an added bonus, it includes the dog tag as worn on screen. The prop replica [Arc Reactor](#), made with the help of Stan Winston Studios, is expertly formed from metal and custom molded pieces. And like the movie, it lights up with brilliant LED's and is removable from the base. This piece is presented in a Plexiglas display case with stand, as given to him in the movie by his loyal assistant Pepper Potts with the words, "Proof That Tony Stark Has A Heart."

Newly formed Windlass Studios will develop, manufacture and distribute collectible, limited-edition replicas of full-sized and wearable props from the entire Marvel Universe. The new additions are available now for pre-order through their websites [www.museumreplicas.com](http://www.museumreplicas.com) and [www.windlassstudios.com](http://www.windlassstudios.com) for shipping around December.

The Marvel collection can be seen in person at the Museum Replicas/Windlass Studios showroom located at 2147 Gees Mill Road, Conyers, GA 30013 and at their exhibitor booths at the San Diego Comic-Con International and Atlanta's Dragon\*Con 2010.
